## Kingdom Increase!

Never before in history has there been a more exciting and amazing time to be a part of the Kingdom of Heaven. You wouldn't know this listening to the news, though! Even when the darkness seems to be growing, God's promise is that *"there will be NO END increase of His government or His peace."* That's an amazing promise and we are seeing record numbers of believers joining the Kingdom each and every day!

## Last-Minute Trip to India: Breakthrough and Increase!

I was privileged to go to India on a short-notice trip in March. I visited Pastor Biju in Bobbili before his transfer to a new district. My heart longed to visit the pastors there. I've spent 4 years sowing into them and I was not sure who would be taking over the district. The biggest praise is that the new pastor taking over the district has been a translator for me before and we have similar hearts and vision for that district!

Spending time with these pastors again was wonderful and even more amazing was I had the wives, too! **They are so hungry for more of God** and more of His Kingdom.

We had a miraculous time where **the pastors blessed the call on their wives' lives and blessed them to step into ministry with them.** The women prayed asking forgiveness for bitterness over being held back, ignored, treated unworthy, etc. by the men. It was so powerful!

It's so important to reach these pastors because **they go places where we cannot get.** Multiplication is key! I was taken to a village where a decade ago they were still doing human sacrifices. **Now they love Jesus!**

What a beautiful testimony to the transformation that comes with the Kingdom. Not only that, but they are wearing clothing, educating their children, and prospering.

It was so good to visit a church where I've been several times before. **This church has grown and the love these people have for Christ has increased!** I was treated to a special time of a nap in front of a portable air conditioning unit while I was there! It was a blessing that because the heat (100+ degrees with 90% humidity) was overwhelming for me.

I visited another pastor's church where **I was able to preach by candlelight!** I love those times. There's something so intimate and precious about joining together in the dark to worship and proclaim Christ as Lord! We saw the body of Christ minister to each other that night. There were **many people healed by the prayers of the other believers.** Activation for them to step into all God has for them come quickly. It was very challenging to get them out of their comfort zones and to pray for each other, but once they did, **God was faithful to bring healing to people of all ages and with all conditions.**

continued on reverse

Finally, I visited an orphanage where **persecution is felt on a regular basis**. And, in the midst of the persecution, God's Kingdom is being released mightily. **The children there regularly have heavenly encounters and often receive manifestations of heaven** (feathers, gems, etc). It was such an amazing time.

### Prayer Requests

- **Full healing for me.** God's promise is that I will be able to travel without restrictions and fulfill the call without my health holding me back. These food intolerances must go!
- **Protection for my family.**
- **Perfect timing for upcoming meetings** I'm trying to get scheduled in various places. The big trips are a large meeting of about 3000 believers in Northern India, a youth conference in northern India, a women's conference in Southern India, and a trip to two undisclosed countries. There are also a few domestic trips that I'm trying to get planned and scheduled.
- **Teams to travel with me** on the international trips and possibly domestic ones.
- **Finances for the travel.** Also, I want to be able to sow into several ministry needs I see. Money to buy pastors concordances and commentaries (\$4,500), purchase of land for an orphanage (\$15,000), helping fund an assistant director for a Bible College (\$1,200), to

name a few. None of these are very expensive and God has funds for all of it! I believe God for provision.

### Sow Into Increase

- **Travel and ministry expenses** – Expected to be around \$12,000 for the trips discussed above.
- **Pastor's Training Materials** - \$4,500 for concordances and commentaries for 100 pastors. Would you consider giving \$45 to sponsor one pastor? Be sure to note "Pastor's Training" on your donation for this category.
- **Orphanage** – If you would like to help purchase the land for an orphanage in northern India, simply mark your donation "Orphanage." All funds will go to help purchase the land for the new orphanage.
- **Bible College** – If you would like to help support the hiring of an assistant director for a Bible college, be sure to note "Bible College" on your donation.

All donations are tax deductible and can be sent by check to:
